

We take care of your disc filter sectors!

Refitting of new filter media at our own premises where we actually produce the filter bags are produced ensures a perfect product and a perfect fit to the disc filter sectors. No matter what brand or type!

We carefully clean the sectors and repair any broken sector part prior to recovering with new filter media to ensure excellent function and a long lifetime.

The overhauled sectors are packed in a special made re-usable transport SuperBox for safe transport that can be re-used for multiple batches.

The overhaul service includes:

- Old filter media removal & disposal
- Sector cleaning & inspection
- Sector repair or conversion
- Fitting of new filter media
 - o Syntetic fabric
 - o Stainless steel mesh
- New fresh gaskets
- Accurate marking
- Multiple use transport box
- Service report
